## Frame Assembly

1

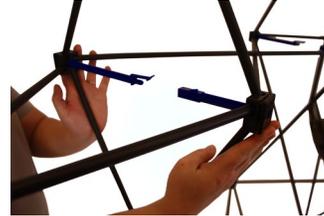

Prepare frame for assembly by locating the blue buttons on top of the frame.

2

Stretch frame to size.

3

Lock connecting arms into place.

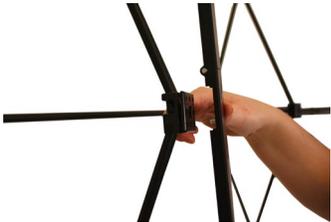

4

Attach hinged channel bar to the top red button. Then connect channel bar to bottom button.

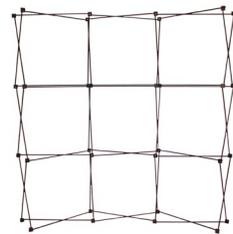

\*Tabletop frames have individual channel bars.

5

Once the top and bottom of a channel bar are connected, snap middle connectors into place. Apply all channel bars.

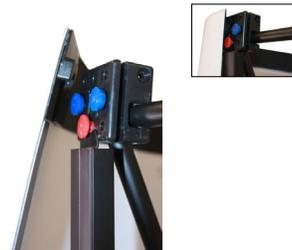

6

Frame is assembled.

## Graphic Application

1

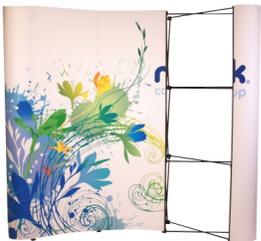

To attach panels, start with the left curved endcap panel, hook panel on blue button. Attach rest of panel to magnetic channel bar.

2

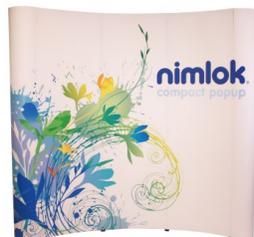

Attach right curved endcap panel.

3

Continue attaching the remaining panels by hooking to blue buttons. Make sure panel edges align with middle line on channel bars.

4

Graphic application is complete.
